1. Report of Standing Committees

A. New Business

1. Consideration of a condemnation action for the City related to the 6th Street Overpass Project.

City Attorney Chuck Clawson explained to the Council that this case involves the litigation between the City and the Linn Trust. After the property in question was appraised, the City offered a settlement of \$240,000. The case was due to come to court next week but the representatives of the Linn Trust are now asking for an addition \$360,000 due to recent flooding which they say has affected the value of the property adjacent to the land now owned by the City. He advised more investigation and evaluation of the situation since the information provided by the Trust appears inaccurate. He also recommended to let the trial go forward and re-evaluate at that time.

No action was taken at this time.
